

## *Woongjin Chemical Co Ltd announces product label changes*

Friday, March 11<sup>th</sup>, 2009

Dear Valued Customer,

Woongjin Chemical Co., Ltd. remains committed to bringing consistent value to our customers as has been demonstrated over our long history.

We would like to officially announce a few minor changes to our product labels. This adjustment is a determined effort to put a stop to the circulation of fraudulent CSM products. Please make sure to check your CSM products with our new label designs for authenticity (see page 2 for label designs).

The following refinements have been made to the labels:

- model name printed in black with text box removed
- different styling of barcode
- element types distinguished by three kinds of border and text colors:
  - › **GREEN** for **BW, BL and UPW** elements
  - › **RED** for **SW** elements
  - › **BLACK** for **NF and UF** elements

The changes apply to all of our 8 inch, 4 inch and 2 inch elements.

We sincerely value your business and appreciate your support. Thank you.

Sincerely,

Customer Support Team at Woongjin Chemical Co., Ltd.
